Technische Kunststoff - und Hybridprodukte

Product Group SVORA

Screw corner connectors with collar made of PP for rectangular tubes and assembled hexagon nut

Standard Colours

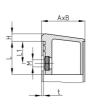

black

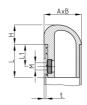

Material

- Base body: Polypropylene (PP)
- Nut: zinc-plated steel

- The load capacity of the connections is highly dependent on the condition of the pipes (weld seams, roughness, tolerances) as well as the foot/thread used. We therefore recommend carrying out your own tests to determine the values.
- L = nut alongside
