

### Product Group MFHX

Machine feet made of stainless steel with rubber support surface and concealed transition from foot to thread

#### Standard Colours

- black

#### Material

- Thread: AISI 304 (A2)
- Rubber: NBR 72 Shore

#### Product information

- The machine base is a hygienically well thought-out design in which the transition from the base plate to the threaded spindle is concealed.
- The embedded rubber meets the USDA standard for rubber products.
- The machine foot can compensate for uneven floors up to 10°.
- The load capacity of the screw (buckling length!) may be less than indicated in the table.
