

Product Group GGF 2000

Heavy duty articulated glides made of PA 6 with felt slide base

Standard Colours

- black RAL 9005

Material

- Base body: Polyamide (PA 6)
- Slide base: wool felt

Product information

- Unsuitable for wet rooms and outdoor seating.
- Only suitable for smooth, jointless or smooth jointed floors.
- Unsuitable for rough artificial or natural stone and rough rustic tiles (felt loss).
- Unsuitable for contact with wet floors (felt durability).
- Base from Ø 30 mm qualified for sport floors DIN 18032
- Topple over-falling-sliding test of the LGA Nürnberg
- Sliding test on various floors of the LGA Nürnberg
- LGA-Certificate
- The article groups GGx2000 have been tested by the LGA with a displacement test and a tilt/fall test and are randomly tested annually. The tilt and fall test is already a test procedure that goes far beyond the normal or intended use of the chairs. In the event that chairs are pushed with momentum against fixed floor thresholds, we cannot accept any warranty, although moving chairs against floor thresholds is not critical for the intended use by the user. When stacking chairs and for contract seating, ensure that the floor is level and free of cracks and solid floor thresholds.
- e.S. = extra shank
- Series GGx2000 are patented.
- Patent 23 312 EP/PCT - DE 199 23 320
- The shafts of the furniture glides are fitted with screw fins to facilitate installation in the tubes (wall thickness 2 mm).

Product options on inquiry

- Further shaft measures starting with 19x1-1,5
- Further base measures up to appr. 60 mm
- No materials possible for reinforcement or electrical diverting.
