

Product Group MFHJ

Machine feet made of stainless steel with fixing holes, optional with antislip pad

Material

- Base body: AISI 304 (A2)
- Rubber: NBR 72 Shore

Product information

- The solid stainless steel design makes the foot highly resilient. The rounded shape makes cleaning easier.
- The machine foot can compensate for uneven floors up to 9°.
- The machine foot has two fixing holes
- The load capacity of the screw (buckling length!) may be less than indicated in the table.
- The base is optionally available with a non-slip rubber plate that is firmly bonded to the stainless steel plate.
- Please order separately (MFHJxG, x = D)!
