

Product Group MFSSE

Machine feet made of stainless steel with antislip pad

Material

- Base body: AISI 304 (A2)
- Antislip pad: NBR 70 Shore

Product information

- The thread is screwed into the foot and can be turned!
- The machine foot can compensate for uneven floors up to 5°.
- The load capacity of the screw (buckling length!) may be less than indicated in the table.

Product options on inquiry

- Machine foot made of stainless steel AISI 316 (A4)
- Delivery with additional steel nut possible.
