

Declaration on Regulation EU 2017/821 of May 17, 2017 on the use of conflict materials

of Walter Bethke GmbH & Co. KG – Plastics Processing
Daimlerstraße 26 – 32, 41189 Mönchengladbach (Germany)

Dear customer,

As a plastics processor, Walter Bethke GmbH & Co. KG is to be regarded as a "downstream user".

Walter Bethke GmbH & Co. KG is not an EU importer of the listed minerals and metals, does not process or trade in these substances and is therefore not subject to the disclosure obligation and the obligation to set up a management system in this regard.

The company Walter Bethke GmbH & Co. KG imports finished steel, steel-plastic hybrid and plastic products into the EU. The substances on the list that may be contained as impurities or alloy components are so minor that they fall below the threshold quantities specified in Annex I. The company Walter Bethke GmbH & Co. KG, as a "downstream user", monitors the further development of conflict materials with the necessary due diligence in the supply chain.

If you have any questions about the Conflict Materials Ordinance, please contact Mr Jörn Grabowski (phone: -21, mail: jgrabowski@b-plastic.com).

Klaus Bethke (executive Director)
